KNOW YOUR LAWS:

SB 1383 SHORT-LIVED CLIMATE POLLUTANT REDUCTION LAW

SB 1383 requires all Californians to subscribe to an organics collection service. Residents and businesses must separate green waste, food scraps, and food-soiled paper (100% fiber-based) into a green organics container. The law also requires large food generators to donate edible food to food recovery organizations.

SAN GABRIEL CLUB

Hello friends!

Thank you for attending the **80th Annual Pancake Breakfast and Egg Hunt**, sponsored by the *San Gabriel Kiwanis Club* and the *City of San Gabriel*. We hope that you have a great time at this family-friendly tradition for all to gather for pancakes and old-fashioned fun!

Our *Kiwanis Club* financially supports high school student scholarships, some of the *San Gabriel Police Department* programs, children's swimming lessons, literacy project, and other programs making a positive impact in our San Gabriel Community.

San Gabriel Kiwanis is the local club of *Kiwanis International*, a service organization that engages in community building throughout the world as well as sponsoring activities for children and families in local communities. Our *San Gabriel Kiwanis Club* was founded in 1927 - celebrating its **98th anniversary** this year!

Would you consider joining our club? We encourage you to share ideas, volunteer your time or simply provide financial support so we can continue our work with the community...

Not sure yet? Well, come and **lunch** with us at our next meeting at **Blossom Market Hall**, on the fourth Thursday of every month. It's a relaxed gathering in a private room, with food available from 13 vendors, and we welcome a guest speaker. Each meeting starts promptly at noon and lasts about an hour and a half.
